I have worked with clay since 1998; taking weekly classes most of which with instructor Elaine Goulart at the Lynnhaven Studio in Va. Beach. Prior to clay, I had dabbled in oils and acrylic paints, stitch work, and furniture refinishing for hobbies. But once into clay, that was it.

I have concentrated on making functional pieces, mostly organizers, knitting bowls and buttons. Strictly decorative pieces materialize now and then. About half is hand built and half wheel thrown.

My work has been seen in local gift shops, knitting shops, craft fairs, and local festivals throughout the Tidewater Area.

Examples of my work:

Knitting Bowls

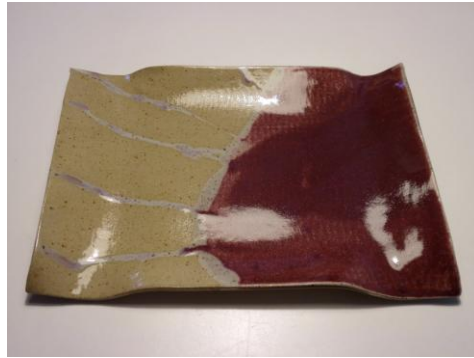

Bath/Desk Organizers

Buttons

Serving Platters

Business Card Holders

Sink Organizers

Serving Pieces
